

Week 16

This 4th Guipure edging is again designed and made by Lia Baumeister. An edging with plaits and leaves and on top of the leaves a three leaf clover. For this edging you need 11 pairs of bobbins with DMC fil de dentelle 80 or linen 70/2.

The crossings in this edging will not cause any trouble anymore. Only the three leaf cover on top of the leaves is probable not know to everyone. See the drawing below.

We wish you a lot of fun with this edging
