

Week 9

The last Torchon insertion has been redrawn by Lia Baumeister after an old pattern. You need 28 pairs of bobbins with linen 70/2 or similar.

The large flower was quite a puzzle. In the centre a 8 pairs crossing is made twice in order to be able to make the two side petals and the ground. First work toe first 8 pairs crossing with the 2 plaits and the leaves between them. After this you can work the upper left- and right petal with the roseground. After working the under left- and right petal the second 8 pairs crossing can be made. Hopefully the drawing below helps to make it clear to you.

For the 8 pairs crossing see the next page.
